

# INDIAN STATISTICAL INSTITUTE

## Master of Technology in Computer Science

@  
Indian Statistical Institute, Kolkata

### About Indian Statistical Institute

Institution of National Importance since 1959 by an act of Indian Parliament  
See <http://www.isical.ac.in> for details

### About Master of Technology in Computer Science

#### Scope

- The Master of Technology in Computer Science is a two year course offered in Kolkata.
- One of the first postgraduate degree offered in India in Computer Science.
- Interdisciplinary intake from any branch of Engineering, Mathematics, Statistics, Physics, Electronic Sciences and Computer Science.
- A unique course design of four semesters with a balanced mix of cores, electives and dissertation catering to both CS and non-CS background students.
- ISI M. Tech. students are employed in companies like Adobe, Google, Honeywell, Intel, Novell, Qualcomm, Yahoo, etc. with competitive salaries or opt for PhDs at ISI or other premier institutes both in India and abroad.
- Computer Science PhD students from ISI have been employed as faculty members at IITs, IISc., ISI, CMI, etc. and also universities abroad.
- ISI is the **only** institute in the country which provides an opportunity to engineering/mathematics/physics/statistics graduates to do a masters degree in computer science and specialize in subjects like theoretical computer science (algorithms, cryptology, etc.) and applied areas (image processing, pattern recognition, etc.).

#### Faculty Profile

Courses are taught by faculty members spread across several scientific divisions of the institute. The faculty members are nationally and internationally recognised experts in their respective areas.

#### Eligibility and Admission

The admission to this course is through two channels:

- (i) Master's degree in Mathematics/ Statistics/ Physics/ Electronic Science/ Computer Science/ Computer Applications/ Information Technology or, (ii) BE/B Tech degree or any other qualification considered equivalent (such as AMIE or, DOEACC 'B' Level).
- (b) shortlisting based on GATE score followed by interviews.

For details on the course, see
